

Capital Hash House Harriers – Run 2048 - Pop Tart/Poo Shooter – The GM returns, Huzzah!

It appears that our fearless leadership has finally been released from an Iranian jail, with the RA still hampered by the damage caused by the beatings to his knee. Our dear leader C&B took charge of the pack which having swept aside the tyranny of Centrefolds reign of the last couple of weeks, started bang on 6pm. A short but vertical run for the runners and a gentle stroll around Kambah for the walkers. We currently have no volunteer for next week's run, please contact Scarlett ASAP if you would like to volunteer, with such small packs over Winter most of the usual suspects have already set 2-3 runs this year already, please consider!

Run Report – Greasy– An excellent run report from Greasy, who commented that he was told he sounded like an old man half way up Mt Taylor, there were great vistas from the summit, a good vibe from the pack coming down the hill and a great drink stop, a score of 7, but vetoed by the GM to a 5

Walk Report –JR – Great markings, a beautiful evening for a walk, a good look at previous Mr Fluffy houses, was going to give it a 10, but knew he'd be vetoed so gave it a 4.

Returns – Some Like it Hot, Blue Hawaii, the GM, the RA, Too Keen, Haemorrhoid and Drunken Tiger
