

# Capital Hash House Harriers – Run 2032 - Duckhead – Melba Muddle

A good sized pack for this run, absolutely rudderless with no GM or RA, Scarlett and Box roped in to do the job, which meant, in effect, still rudderless. A good run/walk with stonking views of Belconnen, which of course meant that this was not a flat run!!!

**Run Report** – Turkey Slap – Good distance, well-marked, but overly robust (there's no satisfying some people) Score 2.5

**Walk Report** – PP – Predictable, a good walk spoiled only by Gerbils stuffing thing up for not only the runner, but the walkers as well!

**Returns** – JR, PP's, and Gerbils

## **Charges**

Greasy – Afraid of the dark

JR – for a fear of hash

Kwine – whatever it was, was declared a false charge and Weatherman had to take it
