

# Capital Hash House Harriers – Run 2030 - Weatherman – Aranda Amble

A few returnees bolstered the pack on this cold cold run, the firebucket helped fix this (you're welcome). It was great to hear Sex Change's dulcet tones leading the hash songs again! The nosh of Lasagne, Shepherd's Pie and Burnt Garlic bread was awesome.

**Run Report** – Box – Two weeks in a row, how special is that, it was nearly the same report as last week, although extra marks were given for keeping up with the pack, a 10 was downgraded at the GMs whim to 5

**Walk Report** – DH2 – Markings were dim due to the rain, but DH2 managed to lose the walkers and go his own way to the drink stop, a 2
