

# Capital Hash House Harriers – Run 2047 - The Ewings Ranch –Centrefold Returns Part Deux –Making Hash Grater Again

After doing such a magnificent job last week and by critical acclaim, Centrefold was unanimously made GM again for this week's run (he actually said, no GM or RA, if I must!!!). There was again a huuuge pack for the run, everyone must have known Centrefold was back or it just might have been they knew Sue Ellen was making a curry. No crazy has marking for this run, with standard hash marks and the promise of some virgin territory. The pack set off late again, just to spite C&B. A small running pack and a massive walking pack set off through the wilds of Duffy, how good is the false summer weather?? Poo Shooter was magically at the finish and did the run by osmosis. Sexchange also regaled us with many hash songs, most of which we didn't know, bu provided much merriment anyway. A great night again, with many laughs and wine spillages.

**Run Report** – Turkey Slap– Looked like it had been set by someone on a bike again (it was). A good run for the runners (thank god Box wasn't here) and given 6.69

**Walk Report –Soft Centre** – Loved the run, well-marked, plenty of yakking, a score of also 6.69

**Returnees** – Soft Centre, Big Boy, Frizzy, Mr Poo Shooter, Turkey Slap and Fish Finger
